

Renewal Report 2019 for General Assembly 2020

The renewal program is pretty well the same as last year.

Most of the programs are at a standstill. They don't seem to attract people as they did before. The programs have been here for so many years and many people have profited from the programs.

There is a Charismatic group that meets in Sydney at Our Lady of Fatima, this continues but is on hold because of the virus.

Marriage Encounter has only one weekend a year and that is for all the Maritimes.

Challenge is at a standstill here in Industrial Cape Breton because of lack of candidates.

There were 2 women's Cursillo weekends in 2019, but none for the men, since there wasn't enough candidates. Those weekends are also at a standstill because of the virus.

Karen and Kevin MacSween have finished their term staying for four years instead of two. They have done a terrific job in enhancing the Cursillo Movement. Sean and Roberta OLeary have been appointed as the new lay co directors.

Mabou is doing well. They had a Cursillo weekend for both men and women in 2019. They also had challenge weekends for both the young men and women in 2019.
